

## Glossary of the Technical Terms, Phrases, and Maxims of the Common Law (Paperback)

Filesize: 3.47 MB

### **Reviews**

*A brand new e book with a brand new standpoint. I have read through and that i am certain that i am going to gonna go through again once more in the future. Its been developed in an remarkably simple way in fact it is merely right after i finished reading through this book in which basically modified me, modify the way in my opinion.*

*(Prof. Llewellyn Thiel)*

## GLOSSARY OF THE TECHNICAL TERMS, PHRASES, AND MAXIMS OF THE COMMON LAW (PAPERBACK)

From the author s NOTE. This book is the result of an attempt to produce a concise Law Dictionary, giving in common English an explanation of the words and phrases, English as well as Saxon, Latin, or French, which are of common technical use in the law. It is not a compilation of law, like the larger dictionaries, but consists purely of definition. Only such civil law, canon law, or Scotch terms have been introduced as are often used in the common-law courts. The writer has sought to give the popular and usual acceptance of each phrase, in much the same rough and general shape in which it would stand in the mind of the trained lawyer; only occasionally adding a hint of its more correct and exact meaning. More definite information must then be sought in the text-hooks. Unless otherwise mentioned, the definition is given according to the common law of England; and the date or present existence of the thing defined is only roughly indicated by the tense. It has been impossible within the limits assigned to make the book exhaustive; but it is hoped that a judicious selection has been made of the more important catchwords, writs, courts, and maxims; and that, in seeking to compress the greatest amount of matter in the smallest possible space, the author has been concise, without being inaccurate or obscure. The black-faced type is used for all terms defined under the present caption; the Italic is always used for reference, not emphasis. Thus the frequent use of abbreviations like v., see, and q.v. is avoided. The reader is desired always to refer to a term so Italicized, under the proper caption, as...
