

## The Unseen Grove (Paperback)

By Matthew Elliot Fay

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Here is a collection of vivid poetry that aims to take readers on a powerful journey into the depths of abstract imagery and realization. This journey begins with The Unseen Grove, an inspirational poem that grows louder with each flowing page, leading readers down a reflective, rocky path infused with courage, growth, and hope. The journey then continues with more works that seek to express life in such a way that poetry alone can achieve, with richness and beauty. When you feel something and you re at a breaking point, you have to decide to keep feeling that way or to change, and you can clearly see the paths before you. One path leads to the death and despair of your treasured soul, the other to peace, or at least a way to peace. A long hard path, but at least it s the right path. It s basically a choice to either fight or succumb. Are you willing to fight, or will you crumble and die inside, like you have before?.
