ARCHIVES OF OPHTHALMOLOGY, VOL. 11: EDITED IN ENGLISH AND GERMAN (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Archives of Ophthalmology, Vol. 11: Edited in English and German In beginning the eleventh volume, the editors desire to state that the general plan and the form of the Archives has always remained the same, but from the fourth number of the previous volume (Dec, 1881) an important change has been introduced in the Report on the Progress of Ophthalmology. While preserving its systematic arrangement, the report is now much more elaborate, and follows the original publications at a shorter interval. For that purpose the number of collaborators has been increased and their work organized according to a definite plan. The whole range of the current ophthalmological literature has been divided for reviews as follows: Dr. H. Magnus, lecturer at the University of Breslau (22 Tauentzien Strasse): 1. General Ophthalmological Literature: a. Text-books (not abstracts, but notes pointing out what is new and characteristic). b. Monographs and papers on historical, statistical, and general subjects; reports of societies and hospitals. c. Periodicals on our specialty (short notices of their character, time and place of publication, the titles of the original papers, with the names of their authors in brackets). 2. General Pathology, Diagnosis, and Therapeutics, including new instruments, apparatus, and remedies. 3. Normal Anatomy and Physiology, including color-blindness.
