Under Section 337 of the Tariff Act of 1930, ITC investigates allegations of unfair import practices, including unlicensed use of intellectual property rights such as patents, copyrights, and trademarks. If ITC finds a violation of this law, it generally issues an exclusion order that directs CBP to deny entry of infringing products into U.S. commerce. CBP must determine, without inhibiting legitimate trade, whether products arriving at 328 U.S. ports are covered by exclusion orders. GAO was asked to review CBP s enforcement of exclusion orders. This report (1) describes CBP s processes for enforcing exclusion orders and (2) assesses CBP s management of its enforcement process at ports of entry. GAO analyzed CBP and ITC documents and data from October 2009 through April 2014 and interviewed CBP and ITC officials.
