Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

(Mr. Rafael Hoeger)

POWER IN UNCERTAIN TIMES: STRATEGY IN THE FOG OF PEACE (PAPERBACK)**DOWNLOAD**

Stanford University Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The United States faces a complex and rapidly shifting international security landscape. Forces of ethnic and religious extremism, diffusion of information technologies, proliferation of mass destruction weapons, and newly empowered non-state actors are just some of the trends whose complex interplay will produce unanticipated threats. Yet, while the future is more uncertain today than during the Cold War, we currently have a window of opportunity for shaping a more favorable future. The challenge for the United States, and for all states, is not just to manage uncertainty but also to prevail in spite of it. To help address that challenge, this book examines strategic choices in uncertain times and analyzes how different strategies position states to compete, manage risk, and prevail despite uncertainty. It investigates how past and current political and military leaders have responded to uncertain strategic and technological environments, and assesses the consequences of those strategies for their state s power and influence.
