It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication by which in fact changed me, change the way I think.

Spastic Cat Press, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.During the last few years I have been urged by people in all parts of the world to re-issue some of the wonderful stories of genuine psychic experiences collected by my Father several years ago. These stories were published by him in two volumes in 1891-92; the first, entitled Real Ghost Stories, created so much interest and brought in so large a number of other stories of genuine experiences that the first volume was soon followed by a second, entitled More Ghost Stories. The contents of the two volumes, slightly curtailed, were, a few years later, brought out as one book; but the three volumes have long been out of print and are practically unknown to the present generation. Ghost, according to the dictionary, means the soul of man; the soul of a deceased person; the soul or spirit separate from the body; apparition, spectre, shadow -it comprises, in fact, all we mean when we think or speak of Spirit. We still say The Holy Ghost as naturally and as reverently as we say The Holy Spirit. So for the sake of the word itself, and because it covers everything we speak of as Spirit to-day; these two considerations take away all reason why the word should not be used, and it gives me great pleasure in re-issuing these stories to carry on the title originally chosen by my Father.
