

Guitarists Scale Manual (Paperback)

By Tony Llewellyn

Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Need access to finger positions for all the most-used guitar scales at a glance? Tired of trying to expand scales over the entire guitar fretboard? Trying to figure out how different patterns for the same scale fit together? Guitar improvisation is based on this kind of information, and anyone wanting to play lead guitar would usually say a resounding yes! to these questions. The Guitarists Scale Manual is an essential tool for lead guitarists. Based on a 22-fret guitar, it shows fretboard diagrams for most of the scales you will ever want to use: major, harmonic minor, modes, major minor pentatonic, blues, whole tone, diminished, and half-diminished scales are all included in one book. No transposing is necessary as each guitar scale is depicted separately in the various keys. If you re serious about solo guitar, Guitarists Scale Manual is an essential tool of the trade.
