MANAGING OPERATIONS: ACROSS THE SUPPLY CHAIN (SECOND EDITION)

McGraw Hill Education, 2013. Softcover. Condition: New. 2nd edition. The Second Edition of Managing Operations Across the Supply Chain provides a global, supply chain perspective of operations management and in supply chain management courses that do not require an operations management prerequisite. The Second Edition explains familiar operations management topics as viewed through a supply chain management perspective and reflects key shifts in operations management, including transitions that demand new tools, concepts and approaches to address the demands and challenges...

Reviews

The book is not difficult to read through better to recognize. It really is written in straightforward terms instead of confusing. I am happy to inform you that this is actually the finest publication I actually have read in my individual daily life and may be the best book for possibly.

-- **Valerie Heaney**

Great eBook and useful one. It was actually written really completely and useful. You are going to like the way the article writer publishes this publication.

-- **Prof. Ernestine Emard**

Merely no phrases to spell out. I actually have read through and I am certain that I will go on to study once again later on. You won't truly feel monotony at any time of your time (that's what catalogues are for about should you check with me).
