Jeffrey A. Friedberg, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Review: Jeffrey A. Friedberg takes on the insanity of modern media with an ax. This is a crime thriller and a paranormal voyage into the archetypes and myths that still live in our souls and remind us that we are more than robots and androids. It takes intelligence and outrage and poetry to go up against the machine, and Friedberg has these qualities in abundance. This isn't a typical crime novel that scratches the puzzle-solving itch. It's a storm. It's a free man doing art in his own way. Remember the word unique? Here it is. Jon Rappoport, Ex-mercenary and reluctantly aging senior, Jack Vane is trapped in a New Mexico landscape of terror---between a U.S. President who seeks his way at any cost, and a rabid Media that will stop at nothing to guarantee his ascendance. But when a bloodthirsty supernatural power takes charge, Jack must fight for his life and soul---yet, this ordinary person does not suspect he will discover a shattering secret---a secret that will transform and catapult him out into mythology itself.
