Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. What makes a man love metals more than anything else in the world? What makes a man lose all sense of moral perspective when he is on the trail of mineral wealth? What makes a man throw love away for something a women can t understand. Hammond Innes supplies the answer in one word: Excitement. In this spell binding story he tells of a mining engineer who commits every known crime--including murder--in his relentless search for the precious metal. A thriller which tells of George Farnell s legacy, which came to light ten years after his disappearance. Two lines of poetry and a lump of mineral ore were all he left, yet they were enough to send Bill Gansert into a maze of ambition and treachery.
