AUTHORHOUSE, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Civilizations of the world are in a new phase of an ongoing cultural meltdown and America is leading the pack. It strives to obtain nothing positive. Coupled with this are generations of Americans who expect everything and contribute nothing. Throw drug and alcohol abuse into the mix and we have an attack from within that is shaking the foundations of America. This has nothing to do with race, it crosses all boundaries. It is a cultural problem. America is under multiple attacks from outside. But possibly the greatest threat is the disintegration from within. How many more blows can America withstand? America is not going to fall off of the face of the earth, but will you want to live in a second or third rate America, or an America under the financial or military control of a foreign power? This book suggests some possible ways and reasons for offenders who are weakening America to straighten up and...
