Dimensions: 9.7in. x 7.4in. x 0.1in.FEMAs NCRC officials are not assisting regional officials in (1) developing performance measures to better assess the implementation of their strategic plan and (2) identifying federal funding available to prioritize preparedness investments. They are not doing so because they view their role as that of acting as a coordinator for other federal agencies, although they agreed that they could do more to support regional efforts and are positioned to do so. The NCR Strategic Plan helps regional officials identify the capabilities needed to strengthen the regions homeland security efforts and defines the framework for achieving those capabilities. NCR preparedness officials said that they have been working to develop preparedness measures since 2003, but noted that these measures are difficult to link to a measured improvement in regional preparedness. For example, while the region identified more than 25 million in UASI grant projects invested in providing public alerts and warnings, regional officials have not developed a measure to determine the effectiveness of these activities. Without such measures, it is unclear to what extent the efforts will advance the regions goals. This item ships from La Vergne,TN. Paperback.
