It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication that I changed the way I think.

A special concern to the US is that the threat of piracy is growing most quickly in parts of the world--such as Africa, South Asia, and Southeast Asia--where both global trade is rapidly expanding and where international terrorist groups are actively functioning or have supporters.
