By John Merle Davis

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Industrial Conditions in Japan: A Challenge and an Opportunity A Life and Asia much as England is placed on the Death edge of Europe, Japan occupies a position Question. Of marvellous commercial advantage. She can move her products in her own ships, at preferential rates to any part of the huge China coast and far into the interior by means. Of China s water ways. Having neither extensive mines nor a surplus of other natural resources, she early found in her contact with the nations that to keep an even balance of trade she must vastly increase her power of industrial production. Farther and farther has she been drawn into the race for industrial supremacy, until today her system is nation-wide and in conjunction with her merchant marine is placing Japanmade goods in every part of the civilized world. There is no question but that the future of the Empire as a world power of the first class depends upon her ability to hold and to increase the markets that she has won. Japan has entered upon a path...
