SEATOPIA: BOOK 2 - THE EYE OF ODIN (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A submarine battle rages around the New Richmond bubble dome in Seatopia as the Unified fleet fights to gain a crucial supply line a few months after taking over New Charlotte; Raymond Kildare and Marcus Taylor engage enemy drones as they maneuver their new, single pilot fighter subs through combat-filled water. They re joined by Lieutenant Colonel Miranda Ulmo and her formidable Marine Emergency Reactive Military Aid unit. Dr. Prapti Gupta and Dr. Brendan Kim (from a group of rogue scientists called The Greek Chorus) command their attack subs toward the city so they can deploy two special, sentient computer programs on a mission to take down the city s defenses. Meanwhile, Chad Fullerton and Elizabeth Chastain are pariahs in the Seatopia plutocracy following Pharmadyne s downfall, but they have one remaining asset: The Eye of Odin, an extraterrestrial artifact discovered in an ancient chamber beneath the Mariana Trench. The seemingly intelligent device can read minds and is the most effective information-gathering tool ever known, among many other powers yet to be uncovered. Chad and Liz s endeavor to sell the Eye to the highest corporate bidder sets off a race to use and study the device, and it falls into the hands of an eccentric corporate overlord obsessed with joining the Eye s powers with the mysterious living hologram named Kephera. Filled with action, adventure, and romance in a dystopian future where the wealthy live under the ocean while the poor live a life of vigilant struggle on land, The Eye of Odin is a fast-paced novel that continues the Seatopia saga but can also be appreciated as a stand-alone adventure for those who haven t read the first book.
