Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

The fewer interstices there are in a street surface, the fewer angles there will be where disease germs may lodge; the smoother and more even the surface, the more readily it may be kept clean; the nearer a city comes to achieving greatness with the least wear upon the nerves of its citizens, the more stable will be its growth and more comfortable its inhabitants. The Barber Asphalt Paving Company has laid, altogether, 3,003,188 square yards in Buffalo; The German Rock Company has laid 130 COMMON COUNCIL MANUAL. 650,000 square yards of Barber asphalt; and the Standard Paving Company, organized in 1896, 4,791 square yards of Bituminous Rock, and 11,762 square yards of Trinidad, making a total asphalt surface in Buffalo of 3,669,741 square yards, many times more than the smooth pavements laid in any other city in the world, and these figures added to those representing asphalted streets paved by private capital bring the total far above the 200 limit in miles. Paving work in Buffalo is done by majority petition of property owners, whose preference in regard to material desired is always specified; but the Board of Public Works advertise for bids for all material for which specifications are on file in its office. That asphalt pavement in Buffalo has proven an unqualified success is shown by the fact that...
