ASTRO SOCKS (PAPERBACK)

iUniverse, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Ever had an idea so big it had a life of its own? Chris has. Follow along his adventure as he discovers that anything is possible when you have faith and determination. From the beginning of Astro Socks, my students and I were pulling for the main character, Chris. The author has an exceptional ability for using description to help the reader connect on an emotional level with her characters. My students were inspired by this child inventor, and were excited to create imaginative illustrations based on visualizations they had while reading the story. The number of classroom activities that could spiral from this book with my students are endless, thanks to the incredible creativity with which the story was written. -Trisha Munroe, BEEd, MEd.
