Outskirts Press, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Dawn Mortenson is a teenager who simply cannot let bad things happen to people. That behavior led to her being kidnapped by a scientist who wanted to leave her brain dead while her former high school principal kidnapped her in order to tie her in chains and throw her into the ocean. She then helped save lives after the attempt to blow up the building she was in failed, leaving two security guards who stopped the attempt dead. And he launched into UR Not Killin Our Kids and flat out ripped it up. He walked down into the...
