Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Rhodesia runs through the forest, hunted by creatures wearing the faces of people she loves. They plead to her to wait in the voices of her family, and the sound sends chills down her back. What is worse? Succumbing, and becoming a mindless drone with the others, or perishing in the forest, alone? Roy Planter is a man with a mission, and he has no intention of staying on a plague-ridden planet where more humans turn into mindless drones every day. Being stuck in a city, grouped with a sword-wielding stick insect of a man and a busty blonde with a too vivid sense of humor are only temporary setbacks. He s leaving, first chance he gets. At least that s what he thinks until Rhodesia arrives. Caring for someone will not make his life easier, but can he really leave her behind?.
