

The Tyranny of Tolerance (Paperback)

Filesize: 7.29 MB

Reviews

This written publication is wonderful. It can be written in straightforward phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

THE TYRANNY OF TOLERANCE (PAPERBACK)

Connor Court Publishing, Australia, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Kurti exposes a grand deception: the tolerance and diversity brigade cannot tolerate diversity of thought. - Nick Cater In a time of `fake news and social media mobs, Kurti s thoughtful deliberation about the meaning of tolerance and its tension with political liberty is indispensable. He critiques the origin of Australian multiculturalism and the corrosive cultural effect of codifying diversity in discrimination law. This book is a measured, scholarly treatment of a subject too often submerged in superficial polemic. It resurrects religious freedom and restores the principle to its rightful place in the heart of 21st century democracy. - Jennifer Oriel It was a confident expectation for more than a century that religion - its beliefs, doctrines and institutions - would atrophy in the face of growing secularisation. But not only has traditional Christianity survived in liberal western societies; other faiths, most conspicuously Islam, have increasingly become a perceptible presence. This evolution gives rise to many questions about the place of religion in liberal democratic society. These questions include the increasing difficulty in giving public expression to moral positions informed by faith; the interaction of faith-inspired practices and the rule of law; and implications of the shift from `soft to `hard multiculturalism, marked by a fear that - unless carefully managed - diversity would cause intolerance and prejudice to flourish. The essays in this book examine these matters in the context of such current debates as those about same-sex marriage, assisted suicide and wearing the burqa and niqab. Upholding the principle of individual freedom under the rule of law is the only acceptable basis for a healthy, descriptively multicultural society.
