Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****.When neuroscience Ph.D. student, Morgan Carmichael, learns that the only thing between her and an associate professorship at Harvard is her lack of teaching experience, she thinks it's just a small bump in the road. In no time, Morgan has her course, Building Stronger Brains, her venue, the Green Acres Assisted Living Center, with eleven elderly students and one troubled teen. It doesn't take long for her to realize that she's in over her head and to top it all off, the arrival at the center of the disarmingly handsome intern makes it increasingly difficult for Morgan to focus. As Morgan struggles to keep things together, she finds herself connecting more closely with her students than she ever expected. Despite the challenges each of them face, they learn that it's never too late for life. And sometimes, the pathway to what we want leads instead to where we are meant to be.
