Reviews

Here is the best ebook i actually have go through until now. It really is simplistic but shocks within the fifty percent in the ebook. Your daily life period will probably be transform once you total reading this book.

(Elaina Funk)

THE ILLUSTRATED ANNUAL REGISTER OF RURAL AFFAIRS AND CULTIVATOR ALMANAC, FOR THE YEAR 1866: CONTAINING PRACTICAL SUGGESTIONS FOR THE FARMER AND HORTICULTURIST EMBELLISHED WITH ABOUT ONE HUNDRED AND THIRTY BEAUTIFUL ENGRAVINGS (CLASSIC REPRINT)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Illustrated Annual Register of Rural Affairs and Cultivator Almanac, for the Year 1866: Containing Practical Suggestions for the Farmer and Horticulturist Embellished With About One Hundred and Thirty Beautiful Engravings Many erroneously suppose that if they set out large trees they will obtain a given height the soonest & very mistaken opinion - for large trees receive the greatest check by removal, and they induce the planter to believe that he need not give good cultivation to his plantation. Smaller trees, well cultivated, will soon outstrip them, and present at the same time a handsome and more thrifty appearance. A height of two or three feet will, in most instances, prove most profitable. In the depth of winter - evergreens may often be removed from the borders of woods and swamps, if the earth is but slightly frozen. The protection which the trees as well as the coating of fallen leaves afford, often nearly prevent the mould which covers the soil from freezing, especially if snow has fallen before intensely cold weather set in. In such localities, select small trees, only a few feet high cut a circle with the spade about the roots, so as to lift up a cake or ball of soil; place the trees in their natural position on a sled, and draw them to the place where they are to be planted. As a general rule, the cake of soil should be so large as to hold the trees upright without upsetting wherever they are placed. No evergreen, however difficult the kind may be to transplant successfully, will fail if this amount of earth is carried with its roots. About the Publisher Forgotten...
