Excerpt from Seventh Biennial Report of the Iowa State Board of Education for the Biennial Period Ending June 30, 1922 Thus it will be seen that the university is asking, for maintenance, a renewal of all expiring appropriations and a net increase of annually during the next biennium. This sum is much less than the corresponding askings for increases from the Thirty eighth and Thirty - ninth General Assemblies, and it represents the minimum needed to care for the students in attendance. The policy of the Board of Education to budget all expenditures makes it possible for us to determine pretty clearly the various increases that will be necessary in order to take care of the growth of the university. Students who come to the Iowa educational institutions should be as well taught as those in neighboring states. It is a well-known fact that relatively few students come to Iowa from outside the state; fewer than is the case in our neighboring states. Certain persons have proposed that an embargo be declared against educating students from outside the state; but, as a member of the general assembly said recently, the moment the students from Nebraska, Illinois, or Minnesota were sent home, we might quite naturally expect retaliation on the part of these states which would certainly not reduce the cost of our service.
