The Economics of Government (Paperback)

By Kenneth R Szulczyk

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We examine the economics of government in this textbook. Consequently, we dedicate every chapter to one aspect of government, and its interference with an economy. Students can use this textbook for a first course in public economics or as a supplement to an introductory microeconomics or macroeconomics course. Furthermore, readers can use this textbook as a reference guide for people who want a comprehensive book on the economics of government without majoring in economics. The inspiration for this textbook came from a famous quote by Thomas Jefferson, one of the founding fathers of the United States. He stated, Whenever the people are well-informed, they can be trusted with their own government. For example, communism failed economically in Russia because the Soviet government controlled every aspect of its markets and economy. On the other hand, the communists control a flourishing China because the Chinese government embraced the ideas of free markets and unleashed the entrepreneurial spirit and drive of the Chinese people. Thus, the Soviet economy stagnated, while China continues thriving and prospering. The political system itself is not important...

Reviews

It is just one of the best publication. This can be for anyone who statte that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Tara Jerde**

This ebook is indeed gripping and fascinating. It is definitely simplistic but excitement from the 50 % of your book. You wont sense monotony at at any time of your own time (that's what catalogs are for relating to should you check with me).
