These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Larry Czerwonka Company, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.At the age of 27, I was conventionally successful. Lots of money and a high media profile from successful business start-ups in Japan. A lovely wife, and four children. But I was working and traveling 25 days per month. Living the high life-at 27! Yet I began wondering . . . is this all there is? What is True Success? What is True Happiness? I began asking successful people I was meeting around the world, what they thought determined True Happiness . . . I wrote their answers down. I analyzed them. I worked to find common denominators. Because nobody actually had a complete concept of True Happiness. Or maybe, more importantly, how to achieve True Happiness. Or how to even talk about it. The concept of LQ was born. LQ = Life Quality. I tested and refined the LQ concepts with my students at the University of Hawai'i Hilo. (How to LQ your income. How to LQ your relationships. How to LQ your health.) I began working with small business owners on Hawai'i Island to help them LQ their businesses. (Because a business should be enhancing your LQ, not detracting from it.) After 3 decades of research, I have come up with a remarkably SIMPLE yet COMPLETE guide with 5 LQ Principles that will help you build your House of Happiness.
