

Traffic Safety and the Driver (Paperback)

By Leonard Evans

Science Serving Society, 1991. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is the classic 1991 text Traffic Safety and the Driver , a book that has been described as the bible of traffic safety research. The principles and concepts described in it are as valid as when written. The author s later book Traffic Safety (2004) // revisits many of the same themes, and adds much content not covered here. On the other hand there is much in this book not covered in the later one, such as the celebrated comment on p. 378: In the era before the birth of experimental science, Greek philosophers thought that nature could be understood by pure thought alone, without the need for data. Nowadays there seem to be people who think that it can be understood with data alone, without the need for thought. Quotes from some of the 28 reviews: It is an easy book to read, the terminology is clear and concise, it is well thought out and written, and in parts comes into the difficult to put down category. BRITISH MEDICAL JOURNAL It is an important text for professionals and individuals interested...
