John A. Bense, State Engineer and Surveyor: Sir. - I have the honor to submit the report of the Bureau of Hydraulics, Barge Canal Department, for the calendar year 1912. This report contains stream gaging data obtained during the year 1912, as follows: The observations of water-surface elevations and records of the discharge of streams along the lines of the Barge canal; gaging records of streams throughout the state, furnished by the United States Geological Survey in cooperation with this Department, and other stream gagings furnished by corporations and individuals. Scope Of Work Done. The Bureau of Hydraulics, as a specific branch of the Barge Canal Department, was organized in 1907. The work carried on by this Bureau is chiefly along the following lines: (1) Maintenance of gaging stations in connection with the Barge canal work. (2) Investigations and reports on special hydraulic problems arising in connection with the Barge...
