Explore the science and humanity of abnormal psychology REVEL(TM) for Abnormal Psychology: A Scientist-Practitioner Approach portrays the human face of various psychological conditions, helping students to understand that abnormal behavior is complex and subject to many different forces. Authors Deborah Beidel, Cynthia Bulik, and Melinda Stanley -- all active researchers, clinicians, and educators -- bring abnormal psychology to life via a scientist-practitioner approach that integrates biological data with research from the social and behavioral sciences. REVEL for the Fourth Edition offers expanded coverage of disorders emphasized in the DSM-5, as well as discussions of contemporary issues that foster student interest. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a...
