

Just Responsibility: A Human Rights Theory of Global Justice (Paperback)

Filesize: 4.33 MB

Reviews

Without doubt, this is actually the best job by any publisher. It is written in basic phrases instead of difficult to understand. You will like the way the author publishes this publication.

(Dr. Marvin Deckow)

JUST RESPONSIBILITY: A HUMAN RIGHTS THEORY OF GLOBAL JUSTICE (PAPERBACK)

Oxford University Press, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. It has been well-established that many of the injustices that people around the world experience every day, from food insecurity to unsafe labor conditions and natural disasters, are the result of wide-scale structural problems of politics and economics. These are not merely random personal problems or consequences of bad luck or bad planning. Confronted by this fact, it is natural to ask what should or can we do to mitigate everyday injustices? In one sense, we answer this question when we buy the local homeless street newspaper, decide where to buy our clothes, remember our reusable bags when we shop, donate to disaster relief, or send letters to corporations about labor rights. But given the global scale of injustices related to poverty, environmental change, gender, and labor, can these individual acts really impact the seemingly intractable global social, political, and economic structures that perpetuate and exacerbate them? Moreover, can we respond to injustices in the world in ways that do more than just address their consequences? In this book, Brooke A. Ackerly both answers the question of what should we do, and shows that it s the wrong question to ask. To ask the right question, we need to ground our normative theory of global justice in the lived experience of injustice. Using a feminist critical methodology, she argues that what to do about injustice is not just an ethical or moral question, but a political question about assuming responsibility for injustice, regardless of our causal responsibility and extent of our knowledge of the injustice. Furthermore, it is a matter that needs to be guided by principles of human rights. As she argues, while many understand human rights as political goals or entitlements, they can...
