

NASA/Nbs Standard Reference Model for Telerobot Control System Architecture (Nasrem) (Classic Reprint) (Paperback)

By James S Albus

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Nasa/Nbs Standard Reference Model for Telerobot Control System Architecture (Nasrem) Hierarchical control is not new. It has been used by military, government, and business bureaucracies for centuries. The application of hierarchical control to real-time computer control systems is a recent development which is most mature in industrial computer integrated manufacturing systems. Real-time hierarchical control concepts are also now being implemented in advanced aircraft flight controllers and modern smart weapons systems. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
