Bloo Skize Dark, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. There are many paths we can take throughout our lives. Perhaps an infinite amount. And for anyone who s ever wondered just where they might have ended up had they chosen a different route, there is a new drug called Satellite hitting the streets to show them exactly where -and who- they could be if their personal situations and the world itself were even slightly altered. For a young man named Jeffery Eon, Satellite sounds like the perfect escape from his miserable existence. A longtime junkie and periodic whore, Eon can t wait for the next fix, forever chasing after the blissful experience of that first high when he was a man of wealth and importance. But Satellite is nothing if not unpredictable. Where will it take him? Who will he be? His mind trapped in a body that is not his own and yet, somehow, still is. One soul, vastly changed, with every new puncture of the needle. From the author of Ghost Chant and House of Fallen Trees comes a new novel sure to make you question the trails you have followed and how your life could have been with only one tiny adjustment, whirling your world into an entirely different revolution.
