Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from An Improved System of Midwifery: Adapted to the Reformed Practice of Medicine; Illustrated by Numerous Plates; To Which Is Annexed, a Compendium of the Treatment of Female and Infantile Diseases, With Remarks on Physiological and Moral Elevation How many cases of mal-practice are from time to time communicated to us from different sources of obstetrical history! Some attempt has been made to reform these abuses by Thomsonian writers; but no one of their works on midwifery that I have seen is either in accordance with science or the result of experience they inveigh against interference with the efforts of Nature, yet are always interfering by courses of medicine, composition, Cayenne-pepper, or some other stimulating agents, which are all usually unnecessary, and frequently as injurious as the treatment against which they so loudly protest, as all judicious practitioners are aware. vviih this state of things before us, there seems a fair field open for improvement in this branch of medical science. It will be perceived, by reference to the list of writers on another page, that I have examined a great number of authors on this subject, both ancient and modern; and every rule and sentiment of any value I have imbodyed in this work. Some of these authorities have recently appeared, and are scarcely known in this country they display great research and much clinical experience and our practice being essentially eclectic, I have adopted everything really useful from every source within my reach. I think. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
