Think how exciting it would be to discover a book that told all about love, suffering, distance, un-communicated feelings of your heart and brain, or any senses you might of missed. I m not going to false advertise about this book how it would give you a chance for you to make up for the missed feelings that could have changed today such a thing could be the discovery of century and possible solution for the future love. Since we think we are the descendants of Adam Eve. The feeling of love would be first nature; time has come to a stop, the rush of blood, trying to make a fool of you at any moment without thinking. I hope with this book, you can rediscover the feelings you had lost, but hope to find the one, mainly realise the love you have before it s too late. Enjoy. Don t, Tell Her Let me only love you Just love, that s what my feelings say. Don t let my feelings say I love you Don t hear my feelings and don t say it My heart is blinded by your heart, and bonded .
