This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Little Red Hen, Vol. 2 To the Teachers: It is the writer s wish that these primers show forth the following: 1. That a primer may be based upon the classic. 2. That a primer may be constructed with reference to (a) Action, (b) Imitation, (c) Fun, which, as every sympathetic observer of children must know, are the elements which enter most largely into the stories which little children like best. As to the classic basis, certainly a vocabulary may be evolved as well from The Three Bears, for example, as from cats and dogs. For cannot a child as well in the beginning say, I see a bear I see a cat? And can he not build up day by day from the bear as well as from the cat? Then, too, these tales are pedagogical to the primer grade. Every first grade or kindergarten teacher knows the delight with which little children listen as she reads them; hence that first of all elements - interest - is fully satisfied in these tales. Again we find in these classic tales a second pedagogical principle that of action; for in these olden tales most rapid and vigorous activity predominate. A third principle, too, is in evidence - that of repetition; and a child loves the rhythm of repetition. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
