Date: 1999-06 In this book. the author not only of our country s history and current status of research at Barclays. were also quite comprehensive. although concise summary. this book is that critically examine and summarize the existing domestic basis of the results written on. But it by no means the results and summarize the existing others. but in their own research greatly enrich and improve the existing achievements. so that on a new level. More significantly. this book not only summarizes the study results have been domestic. and more systematic and comprehensive introduction to a period of time abroad. especially since the recent Barclays study the situation of philosophy. lists a number of well-known expert and Barclays names of leading scholars and their representative works. also briefly presented their views and highlight the major achievements. and their pros and cons of making his own comments. Book and the whole of Western philosophy Barclays study research is worth paying attention. it is more important is the nature of Barclays or the main trends of philosophy. has raised a very novel view. the conventional wisdom in this area a challenge. This book is not only the achievements but also the dominant tendency of Barclays philosophy put forward their own new ideas and made a more convincing argument. but also in its philosophy. the entire contents of Barclays. from the horizontal and vertical development of the system two made a more comprehensive and complete. and are more intensive. the clarity of the Review. In short. both for beginners this is a more comprehensive understanding of the Barclays philosophy helpful. but also to study...
