Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you like this book (or the Kindle version), please leave positive review. This volume includes two closely-related documents that provide guidance for using cryptography and NIST s cryptographic standards to protect sensitive, but unclassified digitized information during transmission and while in storage. SP 800-175A provides guidance on the determination of requirements for using cryptography. SP 800-175B discusses cryptographic mechanisms, methods and services to be used. Why buy a book you can download for free? First you gotta find it and make sure it s the latest version, not always easy. Then you gotta print it using a network printer you share with 100 other people - and its outta paper - and the toner is low (take out the toner cartridge, shake it, then put it back). If it s just 10 pages, no problem, but if it s a 250-page book, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. An engineer that s paid \$75 an hour has to do this himself (who has assistant...
