

Principles of General, Organic and Biological Chemistry (2nd International edition)

By Janice Gorzynski Smith

McGraw-Hill Education - Europe. Paperback. Book Condition: new. BRAND NEW, Principles of General, Organic and Biological Chemistry (2nd International edition), Janice Gorzynski Smith, Serious Science with an Approach Built for Today's Students. This one-semester Principles of General, Organic, and Biological Chemistry textbook is written with the same student-focused, direct writing style that has been so successful in the Smith: Organic Chemistry and two-semester General, Organic, and Biological Chemistry texts. Janice Smith draws on her extensive teaching background to deliver a student-friendly format - with limited use of text paragraphs, through concisely written bulleted lists and highly detailed, well-labeled "teaching" illustrations - that provides need-to-know information in a succinct style for today's students. Armed with an excellent macro-to-micro illustration program and many applications to biological, medical, consumer, and environmental topics, this book is a powerhouse of student learning. Don't make your text decision without seeing Principles of General, Organic, and Biological Chemistry, second edition by Janice Gorzynski Smith!
