PSYCHOPHYSIOLOGY: THE MIND-BODY PERSPECTIVE (PAPERBACK)

HARVARD UNIVERSITY PRESS, United States, 2001. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book. In our high-speed culture, terms like stressed-out , Type-A personality , biofeedback , and relaxation response have become commonplace. In the 1990s more than ever before, we are aware of the relationship between our mental and emotional states and our physical well-being. Findings from the field of psychophysiology, which investigates the reflexive interaction between psychology and physiology, have revised our approach to illness...

Reviews

A very great ebook with perfect and lucid answers. It can be packed with wisdom and knowledge I found out this book from my dad and i encouraged this publication to learn.
