Sociology is one of the factors that affect man and at the same time a cause of development. Temporally sociology looks at the causes of and consequences of development and this needs thorough study through sociological concepts. Failure to attain democratization, economic growth or social welfare has a big bearing in losing focus to arriving at development. Globalization impacts on the development trends and the social cultural set up of different communities. This is reflected in the social network configurations that affect the allocation of resources, production and consumption patterns and attitude change which subsequently impacts on the economic growth. The scope for this research paper will be the following elements of sociology and how they impact on development; culture, environment, criminality, law and punishment, education, family, gender and sexuality,...
