Tia Stroke Explained: What Is a Tia, Mini Stroke, Managing the After Effects, How to Prevent Another One, Stroke Symptoms, Causes, Signs, Treatment, All Covered (Paperback)

By Russell Cleal

Cleal Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Stroke, or brain attack as most people know it, is the leading cause of preventable death worldwide. This sudden-onset, brain-damaging emergency causes disability in 1 person every 4 minutes in USA alone, culminating in eventual death due to either high severity of the stroke, delay in treatment or mismanagement, among many other causes. This book aims at guiding you about the basics of stroke -- answering the what, why and how at every point, with heavy emphasis on management, treatment options and successful rehabilitation in a post-stroke patient. We will also take you step-wise through life after stroke , explaining various methods to enhance recovery with maximum output. This book also holistically tells: The difference between ischemic stroke, hemorrhagic stroke and Transient Ischemic Attack in their mechanism, precipitating factors, preventive measures, treatment/management options and future implications. Emergency management plan for stroke, right from home to the ambulance and to the tertiary care facility. Short-term and long-term life complications due to stroke, and how to live with them. Thoughtful insight on how you can help a loved one with stroke, and play your part...

Reviews

This type of book is every thing and made me seeking forward and more. It is amongst the most awesome publication we have go through. Its been developed in an exceptionally straightforward way and it is only soon after i finished reading this ebook by which actually altered me, alter the way i believe.

-- Mrs. Serena Wunsch

Unquestionably, this is actually the finest operate by any publisher. I have study and i also am confident that i am going to planning to go through once more yet again in the foreseeable future. I realized this pdf from my i and dad recommended this book to understand.
