*Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Poisoned Pen Press, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book. Brian McNulty, veteran bartender at Oscar's on the Upper West Side, respects his customers privacy. And their space. But when a tarnished but innocent young woman seduced by New York's bright lights and glitter is murdered and another battered innocent charged with killing her, he reluctantly begins his own investigation. Brian's commitment to the chase is given a boost with the arrival of the dead girl's sister, a young Massachusetts businesswoman, determined to uncover the killer. While she's put off by Brian's jaded attitude and offbeat lifestyle, she comes to rely upon his familiarity with the city's darker underside, including a cadre of neighborhood cronies. Politically leftist and a dedicated union man, Brian learns that when you dig into people's lives, rich or poor, you find things kept hidden for good reason. By stirring up these ghosts, you change the shape of the landscape and put your friends, your customers, and yourself in harm's way. This debut novel is perfectly wrapped in original art by Fritz Scholder. Con Lehane grew up in the suburbs of New York City and currently writes from just outside of Washington, DC, where he lives with his wife and two sons. Once a college professor, union organizer, and bartender, Lehane is now an editor at the National Education Association. He holds a Master of Fine Arts degree in fiction writing from Columbia University School of the Arts.
