But now their help is needed once more, as a swarm of deadly Minecraft mobs have been spotted once again - this time in the Pacific Ocean! In the final instalment of the Minecraft Mob Hunters series, Dan, Olivia and Felix have the world's fate in their hands. Having lost Felix in the fiery world of The Nether, the gang will need to regroup if they are to take on the evil powers threatening to invade the real world with hordes of Minecraft monsters. But finding Felix will only be the first step in a task much greater than any of the gang could ever have anticipated. Dan's dad is in danger, having been enslaved by the evil Doctor Nether to work on a new machine that will transport Minecraft creatures into reality, wreaking havoc on Manhattan. As well as this, they will need to pilot army jets and destroy one of the most important buildings in New York - but are they up to the task? In one final battle that will test the Minecraft Mob Hunter's skills to the limits, Dan, Olivia and Felix will have to take on an army of Doctor Nether's most dangerous monsters, including Endermen, Skeletons, Spiders and even Ender Dragons. But with Dan's dad's life at stake, and the whole world hanging in the balance, is this a challenge too far for our heroes?.
