Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Out of the invisible marine region on the other side birds soar suddenly into the air, and hang over the summits of the heights with the indifference of long familiarity. Their forms are white against the tawny concave of cloud, and the curves they exhibit in their floating signify that they are sea-gulls which have journeyed inland from expected stress of weather. As the birds rise behind the fort, so do the clouds rise behind the birds, almost as it seems, stroking with their bagging bosoms the uppermost flyers. The profile of the whole stupendous ruin, as seen at a distance of a mile eastward, is cleanly cut as that of a marble inlay. It is varied with protuberances, which from hereabouts have the animal aspect of warts, wens, knuckles, and hips. It may indeed be likened to an enormous many-limbed organism of an antediluvian time-partaking of the cephalopod in shape-lying lifeless, and covered with a thin green cloth, which hides its substance, while revealing its contour.
