### ***Reviews***

*Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

W. James Dennis. Paperback. Condition: New. 150 pages. Dimensions: 8.0in. x 5.2in. x 0.3in. EMPOWER YOURSELF THROUGH THE HIDDEN SYSTEM THAT KEEPS OTHERS POWERLESS! The only book of its kind to have ever been written. What is the Game and how do you learn to play Take a journey through the hidden knowledge and wisdom that many consider priceless. The Game is an anomaly; it is often spoken about but never defined. It has been that way for centuries, and for a good reason. I talk a lot about the Game and I realize that the majority of people have no idea what I'm talking about. It's time to change that. This is what I call the, Little Black Book. This book breaks down in detail what the Game is, how it works and how you can use it to improve every area of your life. To be honest, this book may not be for you and I was very hesitant on releasing it. The reason is because when the Game is used unethically it can cause people to do things that are not in their best interest. But when I look at the general state of the Game and the World, I knew releasing this book was necessary. The Game itself is a system of knowledge, changing your perspective on situations and altering your standards. The foundation of the Game is empowerment through brutal honesty and self-reflection. These principles, if you honestly apply them, will change your life. Trivial matters which worried you before will no longer be of consequence. This is a Playbook Packed with simple real-life principles that will enable you to excel in the real world. If it is your time for this information, you will know it. Conquer fear, doubt and worry Learn seven key principles...
