It recommends easy and effective treatments for common ailments, including colds, headaches, tension and nausea. Our hands have always been a means of caring and comforting, and using our hands to release tension in our bodies is something we do instinctively. In reflexology, you can use your fingers to apply pressure to certain points on the feet, or sometimes on the hands. The word reflex means to reflect, and the pressure points on the hands and feet reflect all the parts of your body, both internal and external.
