Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Early Latin Hymnaries: An Index of Hymns in Hymnaries Before 1100, With an Appendix From Later Sources An exhaustive index of all Latin Hymnaries before 1500 would mean visits to countless libraries, and an amount of toil and outlay probably out of all proportion to, the results. The present index provides, on a more modest scale, a convenient book of reference for those interested in early Latin hymns; and gives at any rate a fair idea of what Latin hymns were actually used over Europe before the year 1100. In order to Show the continuity of use throughout the Medieval period some Hymnaries of the twelfth century, with a few later still, principally written in England, have also been indexed; many of these manuscripts have the ancient melodies set to the hymns. In the main index references are given to all the hymnaries, but the first lines included are only of hymns found in mss before 1100; the first lines of those found only in the mss after 1100 are grouped together as an Appendix.
