Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do you remember watching Sesame Street as a youngster? They would line up a few objects on a board, all of which were somehow similar except for one that was not like the others and just didn't belong. If we lined up all the religions of the world on a board, it would quickly become apparent how Christianity is different, alone offering a legally valid solution to get us off spiritual death row for having sinned against an infinite God too good to pervert justice. We'll also look at how God doesn't require us to believe everything the average Christian says we've got to believe - meaning Christianity is ALSO different than the fake caricature many of us use to reject it! Controversial and politically incorrect to the max, wait until you see this.
