

Water and Water-Supplies: And Unfermented Beverages (Classic Reprint) (Paperback)

By John Attfield

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Water and Water-Supplies: And Unfermented Beverages To quench thirst and to satisfy hunger are the first-born instincts of animal nature. They begin with life, they are coextensive with life. At first these desires are mere desires, and with the mere animal they so remain. With man, however, instinct and insight go hand in hand. He looks into the inherent qualities of what he eats and drinks, seeks to know something of the action of the foods and fluids, and is anxious to be assured of their purity and efficiency. To the more earnest of such inquirers into the natural and general qualities - not of solid food but - of beverages, this Handbook is especially addressed. Questions respecting solid food will be answered elsewhere. Indeed, the class of alcoholic drinks will be treated in a separate manual. Water, aerated beverages, those called tea and coffee, with some similar unfermented fluids, and even cocoa, chocolate and milk, will be fully considered in the following pages. Section I. treats of Water and Water-Supplies; Section II. includes Mineral Waters and Aerated Beverages;...
