By John Reid

John Reid, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****. As Dawn Approaches is a novel based on today's world of diminishing rights and freedoms and increasing surveillance and police powers, projected into the near future. This novel follows the lives of everyday people as they witness their country and lives being taken over by a hidden power, joining the rest of the world which had already succumbed. However, this unseen, unelected, un-appointed power made one glaring error in judgement, they underestimated the power of human spirit. This is the story of a nation that has an idea, an idea for a new way forward, a new system which is truly democratic, fair, just and prosperous, a way called The Organic Economy. Based on these ideas, a movement formed over time from every section of society, a movement that would not lie down and surrender to the cabal, a brave movement that would attempt to change the very course of history and never be at the mercy of bankers, corporations and corrupt government.
