Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Contributions From the Museum of History and Technology This volume was conceived by Robert P. Nulthauf, head curator of the Department of Science and Technology, as a tribute to Mr. Greville Bathe for his fine contributions to the history of technology. It is equally a recognition of the inspiration which the work of Bathe and other historians of science and engineering has provided, during the past quarter-century, to museum curators collecting and interpreting the objects that record our history.
